

Creative Messages

Based on a workshop from Bethel School of Worship in Redding, this will be a safe and simple introduction to hearing and receiving a message from God for you or for someone else.

The group will be gently led through a very simple introduction to prophetic art that anyone can participate in, this workshop can be just as rewarding for a stick figure level beginner as it can be for those with practiced artistic ability.

If you have never received or given a word from God this is an ideal way to start. If you are a seasoned prophetic person here is a creative non threatening way to pass on a word that can work for all age groups.

Women—made in His image, made to reflect Him

Despite popular cultural and historical opinion, God didn't create woman as an afterthought or 'better idea' after man. The Bible clearly tells us that both male and female (mankind) was created to reflect God's image here on Earth.

The Bible also shows us that God has a mother's heart and 'feminine' characteristics. Jesus also placed incredible value on womanhood, and women in the early church were instrumental in the spread of the gospel.

In this elective, be encouraged by Biblical truths about women in the Kingdom. God is calling women to rise up, to know who they are in Christ, and to reflect Him afresh to a generation who has only seen half of the picture.

Let God love you

"Just be Held", our theme for the day, can evoke many memories of sweet intimacy, pure joy, the assurance of being loved and accepted. There can also be those times when our busy, frazzled minds get in the way... feelings of inadequacy or worry intrude, and memories "not so great" can make us stay at arms length from the very One who longs to hold us with no intent but to love us.

This workshop takes Ps 131 as its theme:

 "...But I have stilled and quieted my soul; like a weaned child with its mother,
 like a weaned child is my soul within me..."

As women we are so keen to be givers, to nurture friends, children, all those we love, that we can find it hard to simply receive, be held, let God love us. This workshop will be an opportunity to lay aside some of those distractions, not to pick them up again when the session is done, but to leave them with Him and experience more of His love and grace.
